5/25/2011 19:35	Lona Wilbur	If you are organizing LD by like geographical area, or populations, the 10th is very scattered into 3 counties and cities.	Yes

5/25/2011 19:49	Brittney	I think that Mill Creek needs to go in to WA 1st LD. It seems like it is cut out of that district. It is connected to the 1st via 527 and is better suited in that district with its demographics and atmosphere.	Yes
5/25/2011 19:49	Lona Wilbur	If 39th LD is redistricted as comments have been made by Rick Bligh and Elenor Walters, where would this suggestion locate the Suak Suiattle Tribe>	Yes
5/25/2011 19:52	Lona Wilbur	As the Sauk Suiattle Tribe needs to be geophically located, remain within the boundaries of the 2nd CD with the other tribes currently located within the 2nd CD.	Yes
5/25/2011 19:54	Randy	I-5 would be a very good boundary for Congressional districts with the 1st west of I-5 and a new 10th to the east, both including Snohomish and King counties. Keeps them both competitive so they'll better represent constituencies.	Yes
